Notes:

The land based observation did not cover the entire area where liquefaction was known to have occurred.

This maps presents a compilation of verified observations of liquefaction by team of engineers on the afternoon of 23 Dec 2011.

- Street level mapping undertaken with no observed liquefaction or ground cracking
- Observation of liquefaction from ground based street level mapping
- Observation of liquefaction from aerial fly over mapping
- Observation of Flooding
- Observation of Ground cracking
